2nd December 2021

Dear Dan

Price Increase Notification

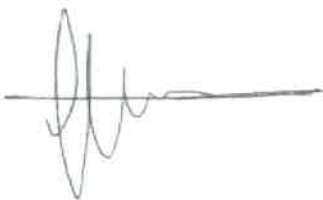

I write to inform you that we will be increasing our prices with effect from all orders placed from Monday 7th February 2022.

The global economy is under severe pressure right now and as a result of that we are seeing unprecedented cost increases across our business. Ingredients, glass, packaging, production and utilities are just some of the areas we are seeing the cost inflation.

Due to the significant cost fluctuations across different pack and product types, we will be passing on a different percentage increase for each brand which are outlined in the table attached.

Your Global Brands Account Manager will follow up with exact pricing details by brand over the next few weeks.

Yours sincerely

Julian Atkins
Commercial Director
