Dear Customer,

Changes to Wholesale Selling Prices – effective 28th March 2022

I am writing to inform you of changes to the Wholesale Selling Prices (WSP) of our Beer and Cider brands, along with some third party branded product increases that have been passed on to us by respective suppliers across draught and packaged beers and cider, wines, spirits and minerals.

Your Account Manager will be able to provide details of how the price changes impact your individual agreement with us.

We are continuing to face unprecedented levels of raw material, energy and logistics cost increases, and whilst we have tried our best to mitigate and absorb as much of these increases as we can, we have no alternative but to increase our WSPs by an average of 5.7%, effective on deliveries from Monday 28th March.

We remain committed to providing our customers with great service and a first-class portfolio of brands, supported with investment and innovative dispense solutions. We look forward to sharing more on our exciting plans on these fronts with you throughout 2022.

I would like to thank you for your continued custom, and look forward to us continuing to work together as our great industry rebounds from the pandemic.

Yours sincerely,

Carl Middleton

VP On Trade

Carlsberg Marston's Brewing Company
