Dear Customer,

Change to Wholesale Selling Prices – effective 20th March 2023

I am writing to inform you of upcoming changes to the Wholesale Selling Prices of our ale, lager, cider and stout brands, as well as increases from some of our partner 3rd party brand suppliers across wines, spirits and minerals.

Like many other UK businesses, Carlsberg Marston's Brewing Company continues to face increasing cost pressures relating to the production, distribution and importation of our products. Consequently, and despite all of our efforts to offset and manage this cost inflation, it is necessary to increase our prices effective on deliveries from 20th March 2023.

We will be increasing our minimum order value to a minimum of 3 pallets of keged or packaged products effective on all deliveries from 20th March 2023. This will not impact many customers, but your Account Manager will work with you, where necessary, to implement this transition.

Please see the enclosed pricing schedule that outlines the changes to the prices of CMBC brands, as well as a selection of increases from some of our partner 3rd party brand suppliers.

For a full list of price changes to 3rd party (non-CMBC) brands, as well as for details of how this impacts your individual agreement, please contact your Account Manager.

I would like to thank your business for trusting CMBC as your business partner; we will continue to work hard to support you through these challenging times.

Yours sincerely,

Carl Middleton
